**BIKE**

# Learning to ride a bike is one of the most exciting things that you can learn to do!

At the beginning you might use **stabilizers** to help keep balance until you are confident enough to ride on your own.

I remember when

... I was a boy and I was having my first bike lesson.

My Dad would hold onto me and walk me around as I began to steer and peddle. Then came the day, when he **gave me a gentle push** and shouted, "keep pedalling." Unfortunately I just free wheeled, until I came to a sudden stop and fell off; but I jumped back on and started pedalling again.

What a wonderful joy I felt, the freedom of being able to ride a bike all by myself. I felt I could ride all round the world.

I'll never forget my Dad's last words to me, when he shouted, "keep pedalling. How true it is, if you don't keep pedalling then you will stop going forward.

There was a time in the Bible when Moses didn't know what to do,

"and the LORD said unto Moses...go forward."  
Exodus 14:15

In life there will be many shocks and sudden stops, but we must keep going on.

In the Christian life we must keep peddling. In order to move forward with God we must keep talking to Him and learning all about Him. We do this by prayer and reading the Bible.

# REMEMBER! SIN

will keep you from the  
**Bible** BUT  
the **Bible** will  
keep you from sin.

**Prayer:** Dear Lord, Thank you for saving me. In the Christian life, sometimes I fail you and sometimes I fall. Please help me to keep going on for God. In Jesus' name, Amen

Whatever you do, remember to  
**keep pedalling, keep moving  
forward** for God. Read your  
Bible and pray everyday.
